Ag. Collector of South Kanara.

To, The Custodian of Enemy Property,
MADRAS.

Sir,

I have the honour to state that the Basel Mission of this district own two bungalows particularised below at Kudremukh in the Province of Mysore, on the borders of this district.

This is the old South Kanara F.C.S. Fund Bungalow, is situated in S. No. 27 (extent 9 acres 30 cents) of Samse Village, Mudugere Taluk, Kadur District. The land was assigned rent free to the Civilians of South Kanara by the Government of Mysore about the year 1809. The site with the bungalow and the furniture in it was made over to the Basel Mission, without any consideration on 30th November 1910 by the then Trustees of the F.C.S. Fund Messrs R.A. Graham and F.R. Hemingway, under a registered deed of transfer. The value of this bungalow is roughly estimated at Rs. 3,000 by Mr. Wuthrich the Secular Agent of the Basel Mission at Bangalore.

(b) The Lower bungalow:-

This is the Mission bungalow. It is situated on 3 acres and 15 cents of land within the limits of Samse village, in Vastara Taluk, Kadur District. The land was assigned to Mr. G Fleiderer on behalf of the mission on an assessment of Re. 1 per acre in order No. 476, dated the 27th June 1874 of the Chief Commissioner for the territories of His Highness the Maharaja of Mysore subject to the conditions that it shall not be sold or otherwise disposed of as private property. The building is valued at about Rs. 4,000 by Mr. Wuthrich.

2. Copies of the lists of moveables in both the bungalows by Mr. Wuthrich are enclosed. These items of property are not affected by the orders of British Government vesting the Mission property in the Custodian of Enemy Property, but as they are solely under the control and used by the members of the mission in South Kanara I mention the fact for the sake of completeness.

Submitting a report regarding two bildings on the Kudremukh in the Kadur District belonging to "German Basel Mission".

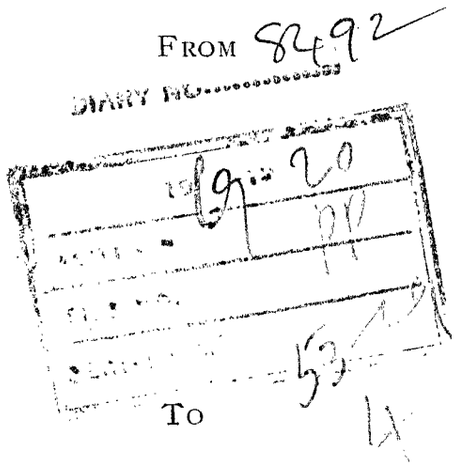
No. *Bangalore*, 5th November 1919.

FROM



K. Chandy, Esqr., B.A.,
Revenue Commissioner in Mysore.
and Custodian of Enemy
Property in Mysore.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Department.

SIR,

With reference to your letter No.G.16443/P.P.16-18-3 dated 6th February 1919 and memo No.G.5298/P.P.53-19-2 dated 2nd September 1919 regarding two buildings on the Kudremukh in the Kadur District belonging to Missionaries, I have the honour to state as follows:-

2. It has been reported by the Deputy Commissioner of the Kadur District in his letter No.H.C.429 dated 6th June 1919 that there are three bungalows on the Kudremukh as noted below:-

One in Survey No.23 (kharab) of Samse village.
Second in Survey No.24 "
Third in Survey No.261 "

3. The Deputy Commissioner has not been able to find anything about the origin or ownership of the first two buildings beyond what is contained in letter No.D.Dis.1665/D. Rev.19 dated 25th July 1919 of the Collector of South Canara attached to your memo dated 2nd September 1919. In a Note submitted to Government by Mr. B. Ramaswamaiya in March 1914 in connection with the offer of the Roman Catholic Mission of Mangalore to sell their bungalow (the third building mentioned above) to the Mysore Government, it is stated that the two bungalows forming the subject of the present correspondence belong to the "German Basel Mission".

4. While it is stated by the Collector of South Canara that the land on which the first bungalow stands was assigned by the Mysore Government, revenue free, and that on which the second bungalow is situated was assigned by the same Government on the condition that an assessment of Re.1/- per acre should be paid and that the building should not be sold or otherwise disposed of as a private property, it has been reported by the Deputy Commissioner that no assessment is being levied in respect of these lands or the bungalows thereon on the ground that the buildings are used by the public.

5. On the strength of Mr. Ramaswamaiya's Note, referred to above, Mr. Mylar Rao surmises that these two bungalows are German property belonging to the Basel Mission and has submitted a schedule (Registration Order "H" --Schedule 2) in respect of these two buildings. As the letter of the Collector of South Canara seems to confirm this surmise, I request the orders of Government as to whether the bungalows may be registered in my office as German property.

6. Owing to the fact that these bungalows are not easily accessible from the Mysore side, the Deputy Commissioner of Kadur thinks that the properties might be vested with the custodian of Enemy Property in Madras; but I am unable to submit a definite opinion on this question as I am not aware how the proposal to acquire the third building recommended by Mr. B. Ramaswamaiya in his Note referred to above was decided by Government. In case Government have already resolved to acquire that building or are disposed to do so now, it may seem preferable to vest the two bungalows now in question in the Mysore Custodian.

7. Copies of the marginally noted correspondence are enclosed for reference.

T.K.N.

On the offer of the Roman Catholic Mission of Mangalore to sell their Bungalow on the Kudremukh Hills, Kadur District, to the Mysore Government.

The Rev. A. Cavaliere of Mangalore having, in his letter dated 17th May 1913 to the Dewan of Mysore, offered, on behalf of the Roman Catholic Mission of that place, to sell to the Mysore Government --- their bungalow situated on the Kudremukh Hill, the Dewan has directed the submission of a report on the following points, after personal -- inspection of the property by the Deputy Commissioner and the Executive Engineer.

(1)Whether in the opinion of the Deputy Commissioner, the Bungalow and grounds will be of any use to any Department of the Government?

(2) What is the condition of the Bungalow, and its estimated Cost ?.

(3) What are the facilities for access to the place and could they be improved with a small putlay?

The Dewan has also desired the submission of a rough plan of the Bungalow and also a site plan showing the exact position of the same on a copy of the topo sheet.

2. Before directly proceeding to furnish answers to the questions noted above, I may be permitted to give a brief discription of this part of the country, and of the bungalows that have been built on the Kudremukh Hill which is resorted to as a sanitarium during summer -- from the plains of the South Canara District. This will, it is hoped not be without use in helping the Government to arrive at a decision on the subject of the purchase of the property under consideration.

3. THE KUDREMUKH HILLS.- The Kudremukh peak is the loftiest peak in the Western Ghats, its height being 6215 feet above the level of the sea; and, on this and on the Baba Budan Series of Hills, are some of the loftiest peaks between the Himalayas and the Nilgiris. -- The Kudremukh or Horse-face mountain is said to be so called on account of its appearance from the sea, to which it is said to present, a land mark well-known to navigators of the Western Coast. The

The height of the Kudremukh Peak is slightly exceeded, by about 100 feet, only by the Mullaingeri peak in the Baba Budan Hills. The --- country around is covered with a network of lofty hills, and a magnificient view of range beyond range of such hills presents itself on the ascent to Kudremukh. The country and its natural scenery have been described by Mr. Lewis Rice, who says in his Gazeteer, --- " These mountain tracts are not wanting in the charms of wood and --- water to soften the harsher features of a rugged landscape. Though the summits of the hills rear themselves bare headed into space, the slopes are thickly clad with primeval forest, through which the shining streams thread their often headlong way, fertilizing the narrow valleys and open glades, till their waters descent to the level -- of the larger rivers, flowing in steep and sunken channels, whence daily issue dense mists that cover the face of the country, lifting as the heat of morning sun increases in power". To no part of the malnad does his discription apply with greater appropriateness. "In the vast solitudes the habitations of man are few and far between. A single homestead, hidden amid the luxuriance of tropical vegetation is often the only sign of his presence for many miles around. Roads there are none. No wheeled conveyance disturbs the place (see) of these well-nigh trackless woods, and the produce of the country is transported only on the backs of cattle". Such, in brief, is a description of these remote hills of the south-western corner of the Kadur District.

4. BUNGALOWS ON THE KUDREMUKH HILL- There are on the Hill three bungalows, two of which are owned by the German Basel Mission of Mangalore and the third by the Roman Catholic Mission of the same place. All of them have been built on land belonging to the Samse village of the Mysore State. The boundary line between the Mysore State and the South Canara District of British India runs on the ridge of the Hills, but the Canara side is exceedingly steep and precipitous ----- through out almost the whole length, and does not admit of any buildings being built or any other use made of it. So, the Bungalows have come to be built on the Mysore side. The earliest to be built was---

was what was known as the South Canara Civilians Building, till recently owned by the Civilians of that District, and now by the German Basel Mission. It stands on grounds measuring 2 acres and 23 guntas comprising survey No. 23 of the Samse village, but there are no records to show when the grant of the land was made by the State. In the years 1898-1900 this building was offered for sale by the owners to the Mysore Government, but owing to certain conditions they wish (sic) to impose, the subject of purchasing it fell through. (Vide Government Proceedings No. 1730-1/R. 566 dated 23rd August 1900). With regard to the land on which the bungalow stands, it has been mentioned in one of the communications that the bungalow was built before the boundary between the Mysore State and South Canara was demarcated and it was originally believed that the building stood on British --- Territory. This bungalow was taken over by the German Basel Mission a couple of years ago, it is ascertained, without payment of any --- price but only on the condition that it would be repaired and kept in good condition and that some accommodation would be guaranteed to the Civilians when demanded. The next bungalow (to be built was that (sic) the German Basel Mission Bungalow) which stands on two acres and 20 guntas of grounds comprising survey No. 24, of the Samse village. This land was granted in 1873 by the Chief Commissioner's --- order No. 3211/Cl. 92 dated 13th September 1873. The third bungalow is the one forming the subject of this note and it was built in 1898-1900 by the Roman Catholic Mission of Mangalore. It stands in 56 acres and 25 guntas of land, the grant of which was sanctioned in --- Government Order No. 5000-2/R. 2559 dated 24th January 1899. This building is the largest of the three, and has been built far more --- substantially. It stands on a higher elavation than the others, --- though it does not command so expansive and varied a view as the two lower bungalows, Other details about the building will be given in the appropriate place in the succeeding paragraphs.

5. I shall now pass on to the questions enumerated in the first paragraph of the Note. First, as to whether the bungalow and ----- grounds will be of any use to any department of the Government, I -- think it may be safely said that it is not likely that they can be --

made----

made to serve any purely official purpose of any department of Government. The Kudremukh Hills are situated in one extreme corner of the province and the access to the top is, at present, very difficult. Considering the region of Hills and forests around, the idea would naturally occur whether the bungalow could be turned to any use of the Forest Department. But the numberous Hills in the region are bare in the higher levels, and the Forest in the lower levels and --- valleys are not condidered rich forests with any valuable timber or other valuable produce. The country has not, it is believed, been known to be rich in forest or mineral resources and the bungalow on the top of the Hill cannot therefore, it seems, be turned to use by the Forest Department or any other Scientific Department.

6. Next, as regards the Condition of the building and its estimated cost, as already stated in a previous paragraph, the building is a substantially built one and is generally in good condition. From the enclosed plan of the building it will be seen that it is not specially suited for private residential purposes, and some elaborate alterations will be necessary before it can be made suitable for such purposes. It was intended for the residence of a number of ~~Roma~~--- Roman Catholic Missionaries, and so consists of a number of small rooms in two rows with a long corridor between them, and a common dining hall and place of worship. The arrangements for bath rooms and for the water supply are on an elaborate scale and very convenient. The building is provided with a number of water taps and the supply of water is obtained from a perennial stream 3 or 4 furlongs above the buildings at a good height in the shola, and steel pipes have been laid under-ground from the source to the building itself. On the whole, the water supply is very good and has been elaborately planned and carried out. The building has been located in a convenient spot, carefully selected for protection from high winds and the monsoon rains. It has however, to be mentioned that, for this very reason, the view from the Bungalow is not so good as from the other

Bungalows----

bungalows lower down. On the whole, however, the Roman Catholic Mission Building is a good property on the Hill, the building being in good condition, having been built about 12 years ago.

7. As regards the cost of the building, the rough estimate furnished by the Executive Engineer puts down the cost at about ₹44,800 This has been ascertained from a Report submitted by that officer to the Chief Engineer in Mysore. A copy of the said report obtained ---- through the Courtesy of the Chief Engineer is enclosed for information. There seems to be no doubt that the Roman Catholic Mission have spent a very large amount on the construction of the building. Every article had to be taken up as head-load to the top of the Hill for a distance of about 15 miles- from Beltangadi on the Canara side which is the nearest ~~plane~~ to which carts could go. It is difficult to estimate the cost of this item of transport of goods, and it can only be said that it should have been something very high.

8. I now pass on to the question of <u>Facilities for access to the Hills and whether they can be improved with a small outlay.</u> It may be mentioned at the out-set, that at present, access to this Hill Station is very difficult and accounts for the very small number of visitors to it. From Chikmagalur, the Head Quarters of the District the route lies on the provincial road, via Mudigere. to Kottigehar- a distance of 29 miles. Here the Kottigehar-Kalasa District Fund Road branches off and Kalasa is reached after a journey of 27 miles. This latter road runs through the interior of the malnad Taluk of Mudigere and it is neither very broad not very good in condition. - There are several steep gradients, in some places continues for several miles in length, and the journey on this road is generally somewhat difficult. However, spring carts and Motor cars also, may go up to Kalasa- a distance of 56 miles from Chikmagalur. From Kalasa up to the top of the Kudremukh Hills, there is no road for wheeled traffic and journeys have to be made on horseback or on foot, and all luggage has to be carried as head-load. The distances have not been

accurately----

accurately measured, but they may be roughly stated to be as follows:—

From Kalasa to Samse, 6 miles.	The river Bhadra and its tributary the Somavathy have to be crossed three or four times.
From Samse to Mulodi, 6 miles. (A dakla village)	
From Mulodi to Tholal, 5 miles.	Tholal may be said to be at the foot of the Hill.
From Tholal to Kudremukh. 5 miles.	This is the ascent up the hill.
Total. 22 miles.	

Leaving Kalasa, the only village passed through is Samse, and it is the last inhabited village, and the distance of 16 miles from it runs through forest and ridges of hills, beyond hills. All provisions and every help required must come from Samse a distance of 16 miles, and it requires no description to convey the difficulties attendant on the arrangements to be made for a visitor to the Hills. The Journey of the visitor himself is not one which can be easily accomplished Up to Tholal he may ride, though in places he has to do it very cautiously, and only very rarely can he indulge in a free or comfortable ride. From Tholal up to the Hill it is naturally still more difficult and walking is certainly preferrable. Of course, by putting the bridle-path in order for any special occasion the whole distance may be done on horse-back- but all luggage has to be carried as head-load for the whole distance of 22 miles from Kalasa.

9. A project for opening a Pukka road from Kalasa to Samse and on to the South Canara Boundary, through the Yelanir Ghat, is said to be under consideration in the Public Works Department. This will serve a number of Coffee Estates and another road from this projected road is branched off at Samese to lead (See) Kudremukh Hill, it will make access to the Station easy, though the work is bound to be attended with considerable difficulty and to involve large expenditure. It may be safely said that access to the Hill-Station cannot be improved by any small out-lay.

10. A rough plan of the bungalow and grounds, are enclosed as desired.

11. General Remarks and Conclusion.- Notwithstanding what has been said in para 5 above, that the bungalow on the Hill cannot be turned to any use by any department of Government, I may be permitted to state that it seems to me that the question whether it may be purchased by the Government should not be made to depend on that single consideration. The following considerations should also, it seems to me, receive due weight.

(1) The Kudremukh Hill station has been in use as a summer resort and a sanitarium, though a small and modest one, for a long number of years past, and it was being regularly availed of by Government Officers and other visitors from the South Canara side, though its popularity has naturally decreased since the extension of the ~~Kaik~~ Railway to Mangalore, which brought the famous Nilgiri Hill Stations to within easy reach of that place. In spite of this fact, however, visitors still continue to resort to Kudremukh. At the time of my visit in February there was a party of three gentlemen of the German Basel Mission, with ladies and children, in residence on the Hill.

(2) The place has all the natural advantages of a good Hill station. With its high altitude, the air is cool, there is plentiful supply of pure and fresh water, and the scenery is everywhere grand, and the place abounds in the picturesque spots.

(3). The locality is reputed to be a spelinded place for "Shikar" Bison, tiger, samber and a variety of big game are said to ~~be~~ abound and the neighbouring forests are reputed as excellent ground for the Shikari.

(4).On the occasions of the visit of His Highness the Maharaja and the high officers of Government to the Hill, it has been usual to indent on the kindness of the owners of the bungalows there for the required accommodation. It seems very desirable for the Government to have a bungalow of their own on the Hill.

(5). The bungalow offered for sale stands, as stated elsewhere, on Mysore land, along with two other bungalows in close vicinity. It has been substantially built and is in good condition though consi-

considerable alterations will no doubt be necessary, to make it fit for ordinary residential purposes.

(6) The building has been constructed at a great cost and will probably be offered by the owners now for a comparatively small amount. The trouble and expense of constructing a new building on the Hill will be enormous, and advantage may, it seems, be taken of the present opportunity to acquire a building for Government on this Hill.

(7). If the chief difficulty of access to the place is remedied to some extent by improving the bridle-path, and maintaining it in fairly good condition, the place is likely to become more popular as a resort for District Officers and other visitors. The recurring expenditure for the maintenance of the bridle-path and the bungalow was. on a former occasion, calculated as follows:-

Maintenance charges of the Bridle-path at ₹10/- a mile for 15 miles from Samse to Kudremukh. - - - -	₹ 150/-
Pay of a couple of care-takers for the bungalow at ₹10/- a month, each.- - -	₹ 240/-
Sundry annual repairs of bungalow. - -	₹ 60/-
Total. -	₹ 450/-

The same calculation may be considered to hold good at present also

12. On a consideration of the foregoing circumstances, it seems to me that the idea of acquiring the property offered to the Government is not one that should be summarily dismissed on the ground that the said property would not be of any use for any department of Government. In a matter like this mere utility cannot, it is submitted with due deference, be the deciding consideration. -- and the considerations which I have attempted to explain in the previous paragraph would, it seems, favour the acquisition of the property at the present oportunity.

(13) In conclusion, I beg to be allowed to explain that I have

have gone to some length into a discussion of the desirability of -- acquiring the property in question and not contented myself with simply furnishing answeres to the points raised in the reference calling for the report, as I was of opimion that such discussion would prove to be of some use to Government in deciding the question before them.

Letter No. H.C. 429/18-19 dated 6th June 1919, from the Deputy Commissioner, Kadur District to the Revenue Commissioner in Mysore, Bangalore.

With reference to your Memo No. C. 3056/G1. dated 13/15th February 1919 and in continuation of this office letter No. H. C. 429 of 18-19 dated 19th May 1919 regarding the registration of the two bungalows on the Kudremukh belonging to German Missionaries, I have the honour to state that there are three bungalows on the Kudremukh.

One in Survey No. 23 (Kharab) of Samse Village.
Second ,, 24 (Kharab) of Samse Village.
Third ,, 261 (Kharab) of Samse Village.

The first two bungalows are stated to be used by the public and no assessment is being levied in respect of them or the survey numbers on which they stand. The third bungalow is entered in the Pahani account against the name of "Roman Catholic Mission Right Reverend" and a mohatarfa tax of ₹56-8-0 is being annually levied thereon. -- The tax has been collected till the close of 1917-18 and a notice for the tax due for 1918-19 has been sent to "M.Lunazzi S.J. Bishop's House, Mangalore". The Amildar reports that it is not known whether any of the bungalows belong to Germans.

3. From the note dated 18th March 1914 (copy enclosed) of Mr. B. Ramaswamaiya, it is seen that the first two bungalows mentioned in the above para are German property belonging to the Basel Mission It is not known whether they continue to be so even now, The Amildar has been directed to make further enquiries in the matter and submit a report with particulars in the form prescribed.

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Dated Bangalore, 11 August 1920.

SIR,

With reference to the correspondence ending with endorsement from this office No. 535, dated the 22nd January 1920, I am directed to forward a copy of a letter No. 1833-W.I., dated the 15th June 1920, from the Government of Madras to the Secretary to the Government of India in the Home Department regarding the proposed vesting in the Custodian of Enemy Property, Madras, of certain properties belonging to the Basel Mission which are situated in the Mysore State.

2. The Enemy Trading Act of 1916 referred to in the above letter is not applicable to properties outside British India, and the Custodian of Enemy Property, Madras, cannot therefore take possession of the property in the manner suggested in the enclosed letter but the object in view could be attained by the Custodian of Enemy Property in Mysore taking possession of the properties and vesting them in the Madras Board of Trustees for enemy properties. I am therefore to state that the Government of India would be glad if the

Copy of a letter from J. M. Turing, Esq., I.C.S., Acting Secretary to the Government of Madras, Revenue (Sepcial-War), Department, No.1833-W.1., dated the 15th June 1920, to the Secretary to the Government of India in the Home Department.

---:0:---

I am directed to address you on the subject of vesting in the Custodian of Enemy Property, Madras, certain properties of the Basel Mission which are situated in the Mysore State.

In August last the Custodian of Enemy Property, Madras, brought to notice that the Basel mission had some properties in the Mysore State. The Hon'ble the Resident in Mysore was accordingly requested to state what action had been taken by the Custodian of Enemy Property Mysore, in regard to them. With his letter No. 9961, dated the 9th December 1919, the Hon'ble the Resident forwarded a letter from the Chief Secretary to the Government of His Highness the Maharaja of Mysore stating that the properties in question had not been vested in the Custodian of Enemy Property, Mysore, and that, as they were not easily accessible from the Mysore side and the proprietors were in South Kanara, the Mysore Durbar had no objection to their being vested in the Custodian of Enemy property, Madras. The Custodian of Enemy Property, Madras, has now submitted a draft vesting order in respect of these properties.

I am according to request that the sanction of the Government of India may be accorded to the enclosed draft vesting order.

SIR,

With reference to your Memo No.G.3801/P.P.53-19-41 dated 17th August 1920 in the matter of the disposal of the two buildings on the Kudiremukh belonging to the German Basel Mission, I have the honour to forward herewith for approval of Government a draft vesting order in respect of the said properties. I am not sure if the Enemy Trading Regulation (II of 1917) is still in force (vide clause 2 of section 1). The India Treaty of Peace Order in Council, 1920 (Sub clause (d) of Clause (xvii) of paragraph 1) has extended the term for the corresponding statute of British India. If the India Treaty of Peace Order in Council may be regarded as having a similar effect in regard to the Mysore Enemy Trading Regulation II of 1917 the phrase 'In exercise of the power conferred on the Government of His Highness the Maharaja of Mysore by Sub Clause (d) of Clause xvii of paragraph (1) of the India Treaty of Peace Order 1920' may be kindly substituted in the draft vesting order for the phrase 'In exercise of the powers conferred by Section 7 of the Enemy Trading Act 1916 (X of 1916) as introduced into Mysore by Regulation II of 1917'.

2. I request the favour of instructions as to the formalities

SIR,

In reply to your letter No.5452/P.P. dated 2nd March 1922 inviting my attention to the correspondence on the subject of the transfer of the German Basel Mission properties in the Kadur District to the Board of Trustees in Madras and requesting me to intimate the cause of delay in submitting my further report, I have the honour to state that the deed of transfer has not yet been registered. The Chairman of the Mission Trust of Southern India wrote to me on the 1st February 1922 that certain difficulties had arisen in the matter of the registration of the document viz., that the Rev. Arthur Brockbank was required by the District Registrar to produce a power of attorney on Mysore Stamp paper and to pay a penalty of Rs.70/- for delay in presenting the document for registration. A copy of the Chairman's letter is enclosed. The Rev. Arthur Brockbank saw me here on the 14th February 1922, referred to the same difficulties and requested that Government might be moved to waive these additional charges. I pointed out to him that the affixing of Mysore Stamps to the power of attorney was peremptory under the rules and that in regard to the penalty for delay in presenting the deed for registration, he might move the Inspector General of Registration in Mysore who under section 70 of the Mysore Registration Regulation had discretion to remit

wholly or in part any fine levied in such cases. Mr. Brockbank has not yet intimated what further action he has taken in the matter. I am reminding him.

I have the honour to be,

T.K.N.

Letter dated 1st February 1922 from the Chairman, The Mission Trust of Southern India, Madras to the Custodian of Enemy Property in Mysore, Bangalore.

I have been informed by the Rev. Arthur Brockbank of Bangalore that difficulties have arisen with reference to the registration of the document transferring the properties at Kudrimukh to the mission Trust of Southern India, viz., with reference to the Power of Attorney and with reference to the fee to be paid.

As regards the Power of Attorney he informs me that the power must be on Mysore stamp paper. I would point out that in your letter dated October 26th 1921 No.829 you make no reference to such a condition, and I sent the Power of Attorney drawn up by the Legal Adviser of the Trust and registered by the Chief Registrar of Madras. I am unaware of anything further that is required with reference to the Power of Attorney.

As regards registrations he states that another fee of Rs.70/- is required. I regret I have no authority to pay such a fee as this. I may say that in transferring property in the presidency to the Mission Trust worth at least fifty lakhs of Rupees Madras, no registration fee whatsoever was demanded by the Madras Government. I have therefore the honour to request that you will be good enough to ask the Government of Mysore to be pleased to remit this fee inasmuch as it is a transfer to this Trust which is a charitable body and not a business concern.

I may add that I was in Bangalore last week end and endeavoured to see you on Mondy last with reference to this matter, but unfortunately you were not at your office. I shall be glad if you will be good enough to expedite matters so that the transfer may be completed at a very early date.
